Student Clicker Quick Start Guide

Purchase your Turning Account License

A Turning Account License is necessary to receive credit for any TurningPoint session responses.

Students can purchase ResponseWare licenses at either bookstore, and also through your Turning Account Student Store. KEEP YOUR RECEIPT!

If you drop a course that requires a Turning Technologies student response product you can return your ResponseWare license code within 14 business days of purchase for a full refund. Visit https://store.turningtechnologies.com(modal/returnpolicy.htm for further details.

Connect in ICON to register your ResponseWare license:

If Clickers are a part of your course, ICON will have a link in the Modules section of your course site to connect you to your Turning Account.

1. Log into ICON.
2. Select your course that is using TurningPoint ResponseWare (“Clickers”).
3. Click Modules from the left side Course Navigation menu.
   Your instructor must have the Modules and Clicker registration link published for this to be possible.
4. Click the Turning Account Registration link.
5. Click to connect to TurningTechnologies.
6. Login with your HawkID and password.
7. If you have a license code, enter it into the appropriate box. If you do not have one at this point in time one can be purchased and added at a later date. You can click “Proceed” to continue.
   A device ID is not necessary to participate in a ResponseWare session.
8. Click Finish.
9. You will be taken to the TurningAccount Dashboard. If you have a checkmark for License and Learning Management System, you have completed your registration.

Your feedback can help us improve this documentation: http://bit.ly/1DkzNQc

Participate in TurningPoint Sessions:

There are three ways to begin participating in a TurningPoint Session.

Option 1: Log into https://account.turningtechnologies.com and start the ResponseWare session from the Apps Button icon in the top right corner.
Option 2: Go to https://rwpoll.com and sign in here.
Option 3: Use the ResponseWare app to participate in your session

Download the ResponseWare App

The ResponseWare app allows users to leverage personal response devices in class to easily submit data to presenters.

Alternately, you can also join a ResponseWare session in any web browser by following this link: https://rwpoll.com

For additional help visit https://its.uiowa.edu/srs, or contact Turning Technologies Technical Support. Technical Support is available from 8 a.m. - 9 p.m. EST and online at https://www.turningtechnologies.com/support/turningpoint-cloud

A student support site is available to assist students with their Turning Account creation as well as registering their device and redeeming their license codes.
Visit: http://turningtech.info for more details.
